Initials

1. The location of the property to be subdivided with respect to surrounding property(s) and public ways. The map and parcel number of the property being subdivided.

2. The names of all adjoining property owners of record or the names of adjoining developments.

3. Names of all public ways and adjoining public ways.

4. The exact boundary lines of the tract, determined by a field survey, showing angles to the nearest minute and distance to the nearest one hundredth (1/100) of a foot. The adjusted accuracy of the survey shall meet or exceed the standards set forth in Title 62, Chapter 18, of the Tennessee Code, for a Category II (Suburban Subdivision). The survey shall be tied into the Tennessee Grid Coordinate System if a controlled monument is located within one-fourth (1/4) mile to any point of the property.

5. The location of all public ways, easements, water bodies, large streams or rivers, railroads, parks, cemeteries, and potential wetlands.

6. Flood map reference number and date; the limits of floodway and floodway fringe areas shall be hatched or shaded and the regulatory flood elevation and regulatory flood protection elevation.

7. The location and width of all easements and rights-of-way for public ways, as well as the building setback lines on all lots.

- _____
- _____ 8. The location, dimensions, and area of all lots. All dimensions shall be field run to the nearest one hundredth of a foot and angles to the nearest minute. Lot areas shall be shown to the nearest tenth of a square foot. Also, chart depicting lot or tract number, square footage, and acreage.
- _____
- _____ 9. The location, area, and dimensions, to the accuracy set forth in Item 8, above, of all property to be set aside for park or playground use or other public or private reservation, with a designation of the purpose thereof, and conditions, if any, of the dedication or reservation.
- _____
- _____ 10. The final plat of a condominium subdivision shall contain, in addition to the other information required by this section:
- (a) an “as-built” building location and boundary survey, to “American Land Title Association” or other similar standards, showing complete and accurate dimensions and angles of the boundary of the parcel(s) on which the condominium is located, together with exterior dimensions and locations relative to those boundaries of the building(s) which constitute the condominium subdivision;
- (b) some sort of datum plane or other suitable vertical location reference. In meeting these requirements, it is only necessary that the upper and lower limits of each level of each condominium unit be identified specifically in relation to the vertical reference, (e.g., an appropriate permanent monument or other acceptable reference datum or fixed known point). Elaborate exterior elevations and architectural detail are not necessary to satisfy this requirements; and
- (c) copies of the charter and By-Laws of any Homeowners’ Association established; and special information which the Planning Commission may require to protect the rights of future owners of the condominium or the public in general, where any common areas exist on the development.
- _____
- _____ 11. The name and address of the owner(s) of the land being subdivided.
- _____
- _____ 12. The name and address of the subdivider if other than the owner.
- _____
- _____ 13. The name and stamp of the land surveyor or other person preparing the plat.
- _____
- _____ 14. The date of the plat, approximate true north point, scale, and title of the subdivision.

- _____ 15. Sufficient data to determine readily the location, bearing, and length of all lines necessary to reproduce such lines upon the ground. This shall include the radius, central angle, and tangent distance for the center line of the curved public ways and curved property lines that are not the boundary of curved public ways. The location of all monuments and pins shall be indicated on the plat.
- _____ 16. Location sketch map showing site in relation to area.
- _____ 17. The zoning classification of all lots, as well as an indication of uses other than residential proposed by the subdivider.
- _____ 18. The total acreage within the subdivision, and the remaining acreage of the parent tract from which the subject property is being subdivided, if applicable.
- _____ 19. The most recent recorded deed book and page numbers for each deed constituting part of the property being platted.
- _____ 20. A legal description of the total property included in the recorded subdivision prepared by a licensed surveyor or a registered professional engineer, shall accompany the plat, but not necessarily be shown on the plat.
- _____ 21. The distance at the right-of-way line from a corner of the subdivided property to the nearest public cross-road, rounded to the nearest foot. Show total area of road dedication.
- _____ 22. Lot numbers, where required.
- _____ 23. The line size and location of gas, water and sewer facilities (either shown on the final plat or stated in a note on the final plat), including the location of all required fire hydrants.
- _____ 24. The diameter and width of all driveway culverts.
- _____ 25. For any lot where public sewer or water system is not available, the following shall be shown:
- (a) areas to be used for sewage disposal (when required); and
 - (b) water wells (existing and proposed).
- _____ 26. Applicable certifications in the form reproduced in this section shall appear upon the final plat. All required certificates shall bear the signature of the approving or authorizing agent at the time of application for final plat approval, except that the form for endorsement of the Planning Commission's approval for recording shall appear unsigned at the time of application for approval.

- _____ 27. State Department of Environment and Conservation, public water and sewer design layout and approval stamps, if applicable; also, actual design plans for filing in appropriate governmental representative's office.
- _____ 28. Commitment notes may be printed or stamped on the final plat reflecting location and dimension of easements, or extent of other agreements or factual data, in lieu of drafted illustration, when applicable, and as approved by the Planning Commission.
- _____ 29. Any required security instruments.

This form shall be filled out completely and accurately before any item submitted to appear before the Planning Commission will be accepted. Any item that is not required, write N/A in its place.
