

- C. **ArcGIS Training Class Recap**
We had 8 people attend the training class in September. Everyone seemed to gain something new by using GIS. We plan to have another class sometime in March 2017.
- D. **MAGIC GIS Day November 16-17, 2016 at Agricenter International, Memphis TN Reminder**
Shawn Anderson gave a last reminder about the upcoming MAGIC Conference in November. The cost is \$75 and he encouraged everyone to attend if possible. We need presentations so if you are interested let Shawn Anderson know.

NEW BUSINESS

- A. **Poll on GIS Mapping Website**
Chairman Dwayne Coley asked at the April meeting if we could implement a simple pop up poll for the GIS mapping website. Shawn Anderson offered survey monkey which will be pretty easy to use but has limitations. There probably would not be a cost associated with adding to the mapping website. We have conducted a similar study several years ago for user analysis. After some discussion, the Board decided that there would be no added benefit.
- B. **Update Symbology of Roads on GIS Mapping Website**
A request has been submitted by Skip Erwin, a local surveyor, to update the symbology on the GIS mapping website main page to add the Rural Collector in green for streets. This would match our existing County Major Road Plan. After some general discussion the Board agreed to add the symbology color.
- C. **2016 911 Map Book Update**
The 911 map book will be updated in November. Citizens can download for FREE and it only requires Adobe Reader. The map book contains street and address information for all of Tipton County along with zip codes, parks, points of interest among other layers. We no longer publish a hard copy since many emergency responders use their smart phone or GPS device.
- D. **2017 TCGIS Board Meeting Dates & Location**
Shawn Anderson presented the proposed dates and location for the 2017 TCGIS Board meetings. As always, this will be published in the Leader and will have an exception that meetings are subject to change with notifications posted on the agenda and County website. A motion was presented from Sean Cullen and seconded by Mike Brewer to approve the 2017 TCGIS Board Meeting dates and location. Motion passed.
- E. **Reminder about TCGIS Board Member Terms and Elections in January 2017 – County Executive, Planning, Public Works, Covington Electric**
Shawn Anderson reminded everyone of the expiring Board member terms and upcoming elections.

BOARD MEMBER UPDATES

- Shawn Anderson gave a presentation about ArcGIS Online and using First Utility GIS data. This past August Shawn Anderson sent out a request and opportunity to have one on one site meetings for each Board member. Shawn Anderson and Bob Beanblossom met with the Town of Atoka, TCSO, First Utility, and the Town of Brighton and things went well. First Utility asked about adding their utility information online for field access.

OTHER BUSINESS

- Shawn Anderson mentioned that he sent Google a copy of our street centerline and city limit data. What they have now is not current or incorrect and he is hoping they will use it.

ADJOURNMENT

- A motion was presented from Mike Brewer and seconded by Greg Scott to close the meeting at 12:55pm. Motion passed.
