**DEFINITIONS**

**SECTION**

- 2.010 Scope**
- 2.020 Definitions**

**2.010 SCOPE**

For the purpose of this resolution and in order to carry out the provisions and intentions as set forth herein, certain words, terms, and phrases are to be used and interpreted as follows:

- A. The word "person" includes a firm, association, organization, partnership, trust, company, or corporation as well as an individual.
- B. The present tense includes the future tense, the singular number includes the plural, and the plural number includes the singular.
- C. The word "shall" is mandatory.
- D. The word "may" is permissive.
- E. The words "uses" or "occupied" includes the words "intended", "designed", "arranged to be used", or "occupied".
- F. The word "lot" includes the words "plat" or "parcel".

**2.020 DEFINITIONS**

The following words, terms and phrases are hereby defined as follows and shall be interpreted as such throughout this resolution. Terms not herein defined shall have their standard dictionary definition or such as the context may imply. Definitions pertaining to flood hazards are contained in the Floodplain Zoning Resolution, adopted **June 15, 1984**, and re-adopted **December 19, 2006**, as amended.

**Access** - The right to cross between public and private property, thereby permitting pedestrians and vehicles to enter and leave property.

**Accessory Building** - A subordinate building, with or without sides or ends, portable or stationary, the use of which is incidental to that of the principal building and located on the same lot therewith, including portable or stationary carports. An accessory building shall not include any mobile home units (single or double-wides).

**Accessory Use** - A use customarily incidental, appropriate, and subordinate to the principal use of land or buildings and located upon the same lot therewith.

**Advertising** - Includes any writing, printing, painting, display, emblem, drawing, sign, or other device designed, used or intended for advertising, whether placed on the ground, rocks, trees, tree stumps, or other natural structures or on buildings, structures, milestones, signboards, wallboard, roofboard, frames, supports, fences, or other manmade structures.

**Advertising Sign or Structure** - See Sign.

**Agricultural Use** - This includes all forms of agriculture, growing of crops in the open, dairying, grazing, the raising and maintaining of poultry and other livestock, horticulture, viticulture, floriculture, forests, and woods, provided, all health codes of Tipton County, Tennessee, are complied with.

The feeding or disposal of community or collected garbage to animals shall not be deemed an agricultural use, nor shall commercial feed lots, the raising of furbearing animals, riding stables, livery or boarding stables or dog/cat kennels be so considered.

**Agricultural Accessory Use** - Those structures or equipment that are normally required in the operation of agricultural uses.

**Alley** - A minor right-of-way, dedicated to public use, which affords a secondary means of vehicular access to properties otherwise abutting a road, and which may be used for public utility and public service purposes.

**Alteration** - As applied to a building or structure, means a change or rearrangement in the structural parts or an enlargement, whether by extending a side or by increasing its height or structural changes, other than repairs, that would affect safety. The term "alter" in its various modes and tenses and its practical forms, refers to the making of an alteration.

**Alternative Tower Structure** – Man-made trees, clock towers, bell steeples, light poles and similar alternative-design mounting structures that camouflage or conceal the presence of antennas or towers.

**Antennas** – Any exterior apparatus designed for telephonic, radio or television communications through the sending and/or receiving of electromagnetic waves.

**Apartment Dwelling** - See "Dwelling - C"

**Automobile Storage** – The placement of any vehicle that is not currently operable, licensed or registered.

**Story** - That portion of a building included between the upper surface of any floor and the upper surface of the floor next above; or any portion of a building between the topmost floor and the roof which is used for human occupancy in which the floor area with eight (8) feet or more head clearance equals fifty (50) percent of the floor area of the story next below shall be a "half-story". A basement shall be considered as a story if more than half of its height is above the average ground level from which the "height of a building" is measured or if it is used for commercial purposes.

**Structure** - Any combination of materials, including buildings, constructed or erected, the use of which requires location on the ground or attachment to anything having location on the ground and including among other things, signs, billboards, and fences.

**Subdivision** – “Subdivision” means the division of a tract or parcel of land into two (2) or more lots, sites, or other division requiring new road or utility construction, or any division of less than five (5) acres for the purpose, whether immediate or future, of sale or building development, and includes resubdivision and when appropriate to the context, relates to the process of resubdividing or to the land or area subdivided. As used herein, “utility construction” does not include the mere extension of individual service pipes or lines for the purpose of directly connecting a single lot, site or other division to existing utility mains. (See Sections 13-3-401 and 13-4-301, Tennessee Code.)

**Substantial Improvement** - Any repair, reconstruction, or improvement of a structure of which the cost equals or exceeds fifty (50) percent of the assessed value of the structure, either: (1) before the improvement or repair; or (2) before the damage occurred.

For the purposes of this resolution, substantial improvement is considered to occur when the alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not this alteration affects the external dimensions of the structure.

The term does not, however, include, either: (1) any project for the improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to ensure safe living conditions; or (2) any alteration or restoration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

**Tower** – Any structure that is designed and constructed primarily for the purpose of supporting one or more antennas, including self-supporting lattice towers, guy towers or monopole towers. The term includes radio and television transmission towers, microwave towers, common-carrier towers, cellular telephone towers, alternative tower structures and the like.

**Town House** - See "Dwelling - F".

**Toxic Materials** - Materials (gaseous, liquid, solid, particulate) which are capable of causing injury to living organisms by chemical reaction or detrimental effects upon the social, economic or psychological well being of individuals even when present in relatively small amounts.

**Travel Trailer** - A vehicular, portable structure designed as a temporary dwelling for travel, recreation and vacation uses, including camper trailers.

**Travel Trailer Park** - A plot of land designed and equipped to accommodate travel trailers, camper trailers, and recreational vehicles for short periods of time.

**Use** - The purpose for which land or a building or other structure is designed, arranged or intended, or for which it is or may be occupied or maintained.

**Utility Easement** - The right granted by the owner of land to allow utility facilities to be constructed, maintained, or preserved. Utility easements shall include, but are not limited to, easements for utilities such as storm drainage, water lines and elevated storage tanks, electric power lines, natural gas pipelines and communication lines, excluding wireless communication towers.

**Watercourse** - Any depression serving to give direction to a flow of water, having a bed and well-defined banks, where the drainage area above the same is twenty-five (25) acres or more in extent. The flow of water need not be on a continuous basis but may be intermittent resulting from the surface runoff of precipitation.

**Wind and Solar Farms** – are large-scale systems that encompass an area greater than one (1) acre and are designed for the supply of power into any electrical grid. They are differentiated from building-mounted and individual applications because they supply power at the utility-scale level, rather than to an individual user. (Wind and solar farms may also be known as wind and solar ranches or parks, photovoltaic power stations, wind turbines or windmills) (Amended 10/19/15)

**Yard** - An open space on the same lot with a principal building, open, unoccupied, and unobstructed by buildings from the ground to the sky, except, as otherwise, provided in this resolution, provided that accessory buildings may be located in a rear yard.

**Yard, Front** - The yard extending across the entire width of the lot between the nearest part of the principal building, including porches, and the front lot line.

**Yard, Rear** - The yard extending across the entire width of the lot between the nearest part of the principal building, including porches, and the rear lot line.

**Yard, Side** - The required space unoccupied except as herein provided, measured between the side lot line and the nearest point of the principal building and between the front yard and the rear yard.
